

## **Hurricane Dorian Update**

### **Category 4 Hurricane Approaches Florida with Dangerous Winds/Rainfall**

#### **Florida Facilities Will Be Closed on Tuesday September 3rd**

**All product for Monday (Labor Day) & Tuesday Day of Service will be not be received or shipped until at least Wednesday September 4<sup>th</sup>. Please do NOT attempt to deliver product in advance of this necessary scheduling change.**

We will continue to monitor weather conditions and take action, in the best interest of all shippers and customers, and communicate to you in the event there is a significant change with the path and/or severity of the storm. If any additional changes are necessary we will send out further blast notifications to the entire shipping and customer community.

Please anticipate that if we are able to re-open on Wednesday that departure times will be later than "normal" and that the timing of deliveries will most likely be affected. At this time it is too early to tell the extent of the delay but we will forward additional information as conditions become clear. Thank you for your cooperation and patience.

**Our goal is to keep delays to a minimum while operating in a safe manner protecting the general public, our drivers, equipment and flowers! Be safe in these upcoming conditions and please monitor our website at: [www.primefloral.com](http://www.primefloral.com)**
